April 16<sup>th</sup>, 2019

9:00 AM

PIB Utilities Department

**Council Members:**

1. Michael McCann
2. Jake Market
3. Tip Boyles
4. Kelly Faris

**Public:**

Anne Auger, Melinda McCann, Robbie Morrow, Doug Knauer

**Discussion:**

Doug Knauer presented members with detailed packet of EDU's. The last official count was in 2016. There will be a new count in July/August 2019.

Also presented a list of businesses/residents that have not paid. Seeks direction on how to collect payment.

\*Lengthy discussion takes place in how up to date the information actually is.

Members go through list one by one and decide to have Doug send out letters for all who owe.

Susan Anderson is still working on updating utility billing policy, and if council chooses to pass an Ordinance revamping billing collection policy, they may do so.

Faris suggests putting a time frame on collecting dues, and if no response, then a percentage will be tacked on the monthly bill.

Committee understands that after a new count takes place, there will be a new list to sort out and collect payment.
